Community Options, Inc. Receives Support from CVS Caremark Charitable Trust

Donation to Community Options, Inc. is part of CVS Caremark Charitable Trust's \$3.3 million in 72 grants supporting causes including children with disabilities and those who are uninsured

(Princeton, New Jersey, January 13, 2011)- Community Options, Inc. announced today that it has received a \$25,000 grant from the CVS Caremark Charitable Trust, the private foundation created by CVS Caremark Corporation, whose mission is to provide funding for health care, education and community involvement initiatives in CVS Caremark communities. Community Options, Inc. was one of 72 organizations selected from a pool of 660 applicants to receive an individual or multi-year grant for 2010.

Community Options is a national nonprofit organization that has been developing homes and employment for people with disabilities since 1989. The funds awarded through the CVS Caremark Charitable Trust will be used to fund their School to Employment Program (STEP) for youth with disabilities.

"The School to Employment Program is revolutionizing the way in which youth with disabilities are transitioning from school to work," says Robert Stack, President and CEO of Community Options. "We are very grateful that the CVS Caremark Charitable Trust had the vision to fund the STEP as the skills acquired are vital for setting a strong foundation for being an adult in the workforce," he added.

"In today's challenging economy, it's more important than ever to support organizations that truly make a difference in the lives of children and families," said Eileen Howard Dunn, Vice President, CVS Caremark Charitable Trust. "The CVS Caremark Charitable Trust is pleased to recognize Community Options, Inc. for truly making an impact in the communities we serve through their School to Employment Program (STEP) and we look forward to working with them in the year ahead."

The CVS Caremark Charitable Trust's grant to Community Options, Inc. is part of \$3.3 million in grants awarded to more than 70 nonprofit organizations across the country in 2010. A number of these grants align with CVS Caremark All Kids Can, the company's signature philanthropic program focused on supporting children with disabilities by raising awareness about inclusion, creating greater opportunities for physical activity and play, and providing access to medical rehabilitation and related services.

Other CVS Caremark Charitable Trust grants provide support for medical services for the uninsured, grants to pharmacy schools, scholarships for the children of CVS Caremark colleagues and funding for community organizations for which CVS Caremark colleagues act as volunteers.

About Community Options, Inc.

Since 1989, Community Options has been developing homes and employment for people with disabilities.
