

## Family Advocacy Group Meeting

*Published on 03/30/2012*

On Tuesday, March 27, 2012, Robert Stack, President and CEO of Community Options met with a family advocacy group from Northern New Jersey.

The family group approached Community Options last year about opening a medical special needs program and the organization is working to open this program now.

The program will support twenty-five, people with significant disabilities with state-of-the-art equipment and complete Snoezelen room. The program will also have an advisory committee made up of family members and professionals in the field!
