

Community Options, Inc.

Supporting People with Disabilities since 1989

Dear Friends,

Each year as we gather with family and friends to celebrate the holiday season, I am reminded of the extraordinary people I am privileged to meet through the work of Community Options.

I first met Peggy a few years ago. She was at her old day program, slumped in her chair with her hearing aids turned off. She often refused to shower or eat and couldn't find the joy in her life.

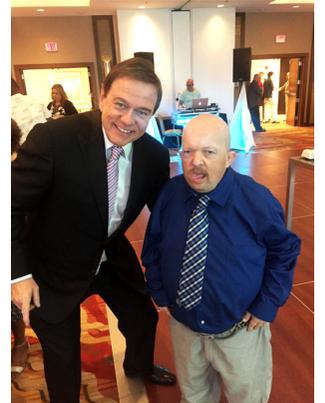

That's when we stepped in to help. Peggy moved to a Community Options home and now she is living her life to the fullest. Her housemates have become like family and she loves to go to concerts, movies and festivals. She has even planted her own garden! The days of not eating or keeping her hearing aids off are gone, replaced with an independent life she loves.

There are so many stories like Peggy's. Everyday our staff works tirelessly to provide exceptional individualized services to people with disabilities. **But, we do not work alone. We rely on partners and friends like you and we are grateful for every [generous contribution](#) to our work.**

[Today, won't you make a commitment to Community Options by giving a year-end tax-deductible gift? I promise you: your donation will help change a life.](#)

In the coming year, we want to continue to expand our proven programs and services to provide more housing options, more employment opportunities and more support to families in communities around the country. I hope you will join us in this effort by making a year-end donation.

I am so thankful for the support we receive in this life-changing work and so are the thousands of families we touch each year: *"We are so grateful to Community Options for providing our son with a safe, kind environment. Because of Community Options, he has a home in which he is cared for and always will be. Thank you for all that you do!"*

From all of us at Community Options, we wish you a joyful holiday season and a very Happy New Year.

Sincerely,

Robert Stack
Founder, President and Chief Executive Officer
