PHILIP D. MURPHY  
GOVERNOR

October 4, 2021

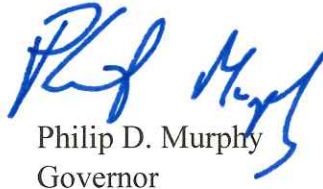

Dear Friends,

On behalf of the State of New Jersey, I would like to congratulate Community Options, Inc. on the installation of 33 solar panels to your group home communities.

We in the Garden State are leaders in renewable energy and this large solar project adds to our environmental mission. These 33 solar panels will not only reduce your carbon footprint, but will provide backup power that is essential for people with disabilities who require powered wheelchairs or medical equipment.

As Governor, I sincerely thank Community Options for enacting this solar panel project. Your work is greatly helping our state become more sustainable and affordable for all.

My very best,

  
Philip D. Murphy  
Governor
