## **National Disability Provider Association Names Breland Davis Recipient of 2024 Texas Direct Support Professional of the Year Award**

*Recognition honors professionals exemplifying workforce that empowers community inclusion for people with intellectual, developmental disabilities.*

Corpus Christi, TX – Community Options, a leading national nonprofit supporting people with disabilities, is pleased to announce that Breland Davis has been named the recipient of the 2024 Texas Direct Support Professional of the Year Award by the American Network of Community Options and Resources (ANCOR).

Breland is a Senior Direct Support Professional for Community Options in Corpus Christi. Breland joins 54 other honorees in the 2024 edition of ANCOR’s annual Direct Support Professional of the Year Awards program. This year’s awards garnered a record-breaking 492 nominations.

“We are so proud of Breland for receiving this prestigious honor,” said Samantha Cutler, Community Options’ Regional Director. “The care that he provides for people with disabilities is evident through their happiness and pride in their home and themselves. A reflection of Breland's pride and work is displayed every day in the smiles of the people he supports and their sharp looks as he helps keep them styled.”

Community Options develops housing and employment for over 5,000 people with disabilities across 12 states. The national nonprofit employs over 6,000 staff, including thousands of Direct Support Professionals on the frontlines to support people with disabilities in their homes and at their jobs.

“Each year, we are seeing more nominations and more compelling nominations for ANCOR’s DSP of the Year Awards,” said Diane Beastrom, President of ANCOR’s Board of Directors and Vice President of Transition for Ohio-based I Am Boundless. “But Breland’s nomination just blew us away. I cannot think of a more deserving professional to honor, as they truly exemplify what it means to see, appreciate, and value the people we are fortunate enough to support.”

Since 2007, ANCOR’s annual DSP of the Year awards recognize outstanding DSPs who deliver long-term services and supports to people with intellectual and developmental

disabilities (I/DD). The awards celebrate the important role DSPs play in ensuring people with I/DD have what they need to thrive and be included in the community.
