## **B5. Public Involvement Process**

### ***Strategies and Desired Outcomes***

This section describes how Community Options, Inc. will disseminate vital agency information and engage the public in the decision-making process. We will seek out and consider the input and needs of interested parties and groups traditionally underserved by transportation systems. These groups may face challenges accessing our services, such as minority and limited English proficient (LEP) persons. Underlying these efforts is our commitment to determining the most effective public involvement methods for a given project or population.

Community Options, Inc. primarily serves only clients that have been determined to be eligible for our transit service by **DHHS** (Funder). The Funder, as a recipient of federal financial assistance, must comply with all Title VI requirements in the development and delivery of their programs. Community Options, Inc. serves all individuals who are determined by the Funder to be eligible for services, without regard to race, color, or national origin and low-income status.

### ***Public Outreach Activities***

Community Options, Inc.'s program decision-making public involvement is limited to the population that meets the eligibility criteria set by **Utah's DHHS** (Funder). The Funder is the lead agency for public involvement in the decision-making process with the goal of offering minority and low-income individuals the opportunity to comment on the benefits of the program services being provided with federal financial assistance. The Funder outreach consists of relationship building with agencies and stakeholders that provide services to minority, low income and LEP communities

Community Options, Inc. assists DHHS during open-house events and the enrollment period as well as promoting the DHHS's public involvement campaign to a diverse community. Members of the public who request notices and or handouts in a language other than English will be referred to staff who can provide interpretation assistance or to the Funder for assistance.

## **Summary on Public Involvement Activity**

Since the last Title VI plan update, Community Options, Inc. conducted the following public involvement outreach (emails, website posting, media outlets, in-person, virtual) sessions:

Not applicable; Community Options, Inc. is a closed-door service provider.

## **B6. Language Assistance Plan**

### **Language Assistance Plan Components**

Limited English Proficient (LEP) persons are people for whom English is not their primary language and who have a limited ability to read, write, speak, or understand English. To comply with the FTA Title VI requirement on nondiscrimination based on national origin, as it affects limited English proficient persons, Community Options, Inc. will take reasonable steps to ensure meaningful access to our programs and activities by LEP persons. The Community Options, Inc.'s Language Assistance Plan considers the following factors:

1. A number or proportion of the LEP population(s) specifically served or that could be served by Community Options, Inc. transit service.
2. The frequency with which LEP persons come into contact with Community Options, Inc..
3. The nature and importance of Community Options, Inc. transit services to LEP population(s).
4. The resources available for LEP outreach and how employees are trained to provide language assistance to LEP persons.

### **LEP Four Factor Analysis**

To determine what the specific languages are spoken in our transit service area and to determine what language services are appropriate for the LEP population, the Community Options, Inc. has conducted a Four Factor Analysis<sup>1</sup>: (1) Demography, (2) Frequency, (3) Importance, and (4) Resources and costs.

**Factor 1–Demography** | Number or proportion of the LEP population(s), specifically served or could be served by Community Options, Inc. transit service.

The first step to considering the development of a Language Assistance Plan is to examine our transit services and our experiences with LEP individuals, who specifically use our transit services and determine the breadth and scope of the LEP preferred language services that were needed in providing the specific transit services.

Community Options, Inc. clients and potential clients are individuals certified by the Utah Department of Human Services as eligible for services. Our day-to-day clients are pre-assigned by DHHS. The clients have developmental disabilities, including intellectual disabilities, cerebral palsy, Down syndrome, autism spectrum disorders, Prader-Willi syndrome and

---

<sup>1</sup> DOT LEP guidance <https://www.transportation.gov/civil-rights/civil-rights-awareness-enforcement/dots-lep-guidance>

other neurological impairments. The DHHS assesses the client's language communication ability and communicates their assessment to Community Options, Inc.. Since the last Title VI plan update, Community Options, Inc. has not had to provide a transit service for our clients in another language.

**Factor 2–Frequency** | Frequency with which LEP people come in contact with Community Options, Inc.

Community Options, Inc.'s day-to-day clients are pre-assigned by DHHS. The clients have developmental disabilities, including intellectual disabilities, cerebral palsy, Down syndrome, autism spectrum disorders, Prader-Willi syndrome and other neurological impairments. The DHHS assesses the client's language communication ability and communicates their assessments to Community Options, Inc.. During the intake process, Community Options, Inc. is able to identify non-English speaking parents or guardians of our clients with whom we have frequent contact; and therefore, have staff available to provide oral interpretation. Since the last Title VI plan update, Community Options, Inc. has not had to provide a transit service to our client in another language.

**Factor 3–Importance** | Importance of the service to clients who need language assistance

The Community Options, Inc.'s services are critical to the lives of its clients and the services support the parents and guardians. The Community Options, Inc. has taken positive steps at the intake process to identify non-English speaking clients and their parents or guardians with whom we have regular contact. Therefore, the Community Options, Inc. has staff available to provide oral interpretation as needed thus ensuring the importance of our client services be communicated to all clients, parents and guardians in a language other than English. Since the last Title VI plan update, Community Options, Inc. has not had to provide our client and the client's parent or guardian with assistance in another language.

**Factor 4 Resources and Costs** | Resources available and employee training

During new employee orientation, Community Options, Inc. provides the principles on Title VI and language assistance with an emphasis that the client's parents and guardians are protected under Title VI and LEP. Our employees obtain language assistance training to continue to meet the needs of our clientele and the LEP individual. Community Options, Inc. has adequate resources to provide employee training. Oral interpretation for the client's parent or guardian is provided at no cost to the client.

### ***Implementing the Language Assistance Plan***

As a result of the four-factor analysis, a Language Assistance Plan is not required. However, reasonable attempts will be made to accommodate any persons encountered who require written translation or oral interpretation services. The Language Assistance Plan will be monitored annually for any language assistance change. If no change occurs, the Language Assistance Program will at a minimum be updated during the Title VI plan update.

## B7. Minority Representation on Advisory Boards

Community Options, Inc. has no transit-related, non-elected committees or advisory councils.

### ***Efforts to Encourage Minority Representation on Boards and Committees***

The Community Options, Inc. understands diverse representation on committees, councils and boards results in sound policy reflective of its entire service area. As such, the Community Options, Inc. encourages participation of all its clientele/patrons and interested parties on boards, committees or councils.

As vacancies on boards, committees, and councils become available, the Community Options, Inc. will make efforts to encourage and promote diversity with active participation of clientele/patrons, community organizations and interested parties. Community Options, Inc. contacts advocates of the minority community, such as organizations that serve minority communities and leaders to garner interest in participating on boards, committees or councils.

## B8. Recordkeeping and Reporting

## B9. Plan and Policy Review

The Community Options, Inc. will review its Title VI Plan at least once every three years to determine if modifications are necessary. Community Options, Inc. [directly operates services (and will review implementation annually to ensure compliance with Title VI Plan requirements. The agency's review includes verifying that all employees have received ongoing updates, training, and a copy of the Title VI policies and that all postings are in place and in good condition.

**Program Monitoring**

Community Options, Inc. will monitor the effectiveness of the Title VI program through the feedback from clientele, employees, general public and other agencies (UTA, FTA). Community Options, Inc. seeks opportunities to continuously improve its Title VI plan, public participation outreach efforts and providing meaningful access of our services to LEP individuals.

**B10. Facility Location Equity Analysis**

As a subrecipient of federal funds, Community Options, Inc. understands we are required to conduct a Title VI equity analysis when planning to construct, expand, or purchase a facility. A facility includes storage facilities, maintenance facilities, and operations centers, but it does not include bus shelters, transit stations, or power substations. The equity analysis requirement applies even to facilities that do not receive direct federal funding (as long as Community Options, Inc. receives federal financial assistance, Title VI requirements apply to all programs and activities). The equity analysis compares the equity impacts of various siting alternatives and must occur during the planning phase, prior to the selection of the preferred site, and must include the following:

1. A description of the outreach to persons potentially impacted.
2. A comparison of equity impacts of various sitting alternatives.
3. An analysis about whether a disparate impact occurs on the basis of race, color or national origin (including potential cumulative adverse impacts from other facilities with similar impacts in the area) because of the location and construction of a facility. (If there is a disparate impact, the construction of the facility may only occur if there is a substantial legitimate justification, there are no alternative locations that would have a less disparate impact, and it is not a pretext for discrimination).

For any new facility construction, expansion, or acquisition, Community Options, Inc. will work with UTA to ensure that the equity analysis is completed and submitted to UTA. The equity analysis will be provided upon request to UTA, FTA and during the triennial review.

Does Community Options, Inc. plan to construct, expand or acquire a facility in the next three years? *(check the box next to the appropriate response below)*
